SUMMARY

Computer Science graduate with hands-on experience in Python full stack development. Skilled in developing web applications using Python, Django, HTML, CSS, JavaScript, and MySQL. Experienced in building authentication, CRUD operations, database integration, file uploads, and responsive web interfaces. Looking for an entry-level Python Full Stack Developer opportunity to build scalable and user-focused applications.

SKILLS

Programming: Python

Frontend: HTML, CSS, JavaScript

Backend: Django

Database: MySQL, PostgreSQL

Tools: Git, GitHub, VS Code

Core Subjects: Data Structures & Algorithms, DBMS, Operating Systems, Computer Networks

PROJECTS

JobPortal - Full Stack Job Recruitment Platform

2026

Python, Django, HTML, CSS, JavaScript, MySQL, PostgreSQL

- Developed a full-stack job portal that allows users to register, log in, browse job listings, view job details, and apply for jobs.
- Implemented Django-based authentication, job CRUD operations, resume uploads, application tracking, and admin management.
- Integrated MySQL for local development and PostgreSQL for deployment, and deployed the application using Render.

Online Learning Platform

Feb 2025 – Mar 2025

HTML, CSS, JavaScript, PHP, MySQL, XAMPP

- Developed a full-stack web-based learning platform where users can register, log in, browse courses, and access learning materials.
- Implemented PHP-based authentication and course management with MySQL for storing users, course content, and learning progress.
- Designed an interactive frontend using HTML, CSS, and JavaScript and deployed the application locally using XAMPP.

INTERNSHIP

Python Full Stack Developer Intern - TAP Academy

2026

- Gained hands-on experience in Python full stack development and web application development.
- Worked with frontend technologies, Python programming, databases, and backend development concepts.
- Practiced application development, debugging, database integration, and software development workflows.
